

## NMTESOL Annual Membership Meeting

In this activity, you have a map of New Mexico with one question and two answers. Find the answer to your question by asking others, and help others find theirs by sharing your answers.

Question:

What is the name of oldest government building in the United States and when was it built?

Answer #1:

The highest mountain in New Mexico is Wheeler Peak.

Answer#2:

There are 18 Native American communities (Indian tribes) in New Mexico.
